

Item #: _____
Model: ED-15H & ED-15HSE
Product Name: Electric Designer Series Hot Plates

Model ED-15H

Specification:

Electric designer series hot plates are available in two different model configurations. Model ED-15H with two high speed 8" (203mm) diameter elements, providing quick even heat offering cooking versatility, with easily removed porcelain enameled bowls to catch spill overs and Model ED-15HSE with two 8" (203mm) sealed solid elements, with an energy saving feature that automatically cycles down when not in use. Each hot plate element is controlled with a six position switch. Both models have a recessed top to contain spillage and ensure quicker cleanups. Designed as stand alone or to be banked with other ED series equipment. 15" (381mm) wide, x 24" (610mm) deep x 11.25" (286mm) high, with easy clean design stainless steel front, black porcelain lower panel, black powder coat epoxy sides and 4" (102mm) stainless steel legs.

Standard Features:

- Stainless steel upper front panel
- Black porcelain lower front panel
- Black powder coat epoxy sides
- 4" (102mm) Sanitary legs
- Easy clean design with recessed protected controls.
- Heat-On indicator lamps
- Two models one with two 8" (203mm) coil elements (ED-15H) and one with 8" (203mm) sealed solid elements (ED-15HSE)
- One-Year limited parts & labor warranty

Optional Features:

- ☐ Stainless steel body side
- ☐ Stainless steel back and bottom
- ☐ "CE" approval only available on the EDU-15HSE model which has two 8" (203mm) sealed solid elements.

Optional CSD Series Stands:

- ☐ Floor Stands: Heavy-duty stands of open design with seamless welded square tube leg and black finish storage shelf. Working height of all units on stands 35-1/2" (902mm). Available in 15" (381mm) width. Each unit must have its own stand. Example for ED-15H hotplate, specify compatible CSD-15 stand.
- ☐ Optional: Stainless steel finish
- ☐ Swivel casters W/front brakes; set of 4
